| UPSTANDS

www.artis.co.uk

Just for you because you're on top of the latest design trends and choose from the most innovative designs, we present the new Artis Surfaces Collection for 2019.

We have selected a range of 40 designs that include exclusive finishes and special effects to create contemporary yet functional kitchen environments.

Available in Square Edge and Postformed Slab-Cut; this collection of 40mm and 22mm worktops has a concept for all occasions.

Artis surfaces provide the stunning ambiance of solid wood, granite, stone, marble and quartz at a fraction of their cost. We include the latest technology TrueScale laminate designs, which are faithful representations of natural stone slabs or timber; perfectly depicting their patterns with rich colour variations and striking veins. Unlike conventional laminates, TrueScale designs are printed to TrueScale proportion.

Manufactured in Great Britain by Formica Ltd and exclusively distributed by Plasman, Artis offers leading quality, reliability and long lasting performance.

Contents

- 4-6 TrueScale
- 7 Texture Selections
- 8 Woodgrains
- 10-11 Stones
- 12-13 Marble
- 14-15 Granite
- 16-17 Snow Sparkle
- 18 Plain Colours
- 19 Bohemian Chrome
- 20 Finish the Look
- 21 Product Matrix
- 23 Care and Maintenance

Smoked Beamwood - Grained
Square Edge 40mm

White Calacatta

Bianca Luna

Ash Concrete

Grigio Lightning

Perla Concrete

Monte Viso

River Stone

Platinum Formwood

Rustic Beamwood

Dolce Vita

Planked Elm

Dolce Macchiato

Smoked Beamwood

Luna Concrete

Argento Lightning

Nero Lightning

Graining that accentuates the minute detail in wood surfaces.

A subtle texture showing the impact of weathered stone.

A silky texture that emulates the feel of wood and stone.

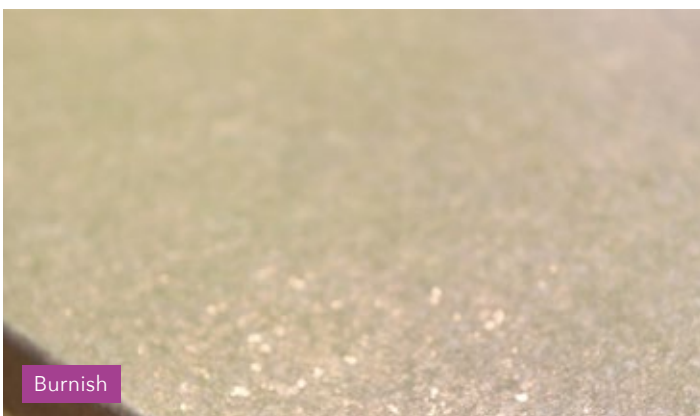

A refined grain emphasising the striped effect in the design.

A high shine and reflective finish.

Gloss effect that replicates the finish of polished quartz.

A shimmering texture that refracts the light to give depth and clarity.

A warm, smooth and matt surface texture.

Woodgrains

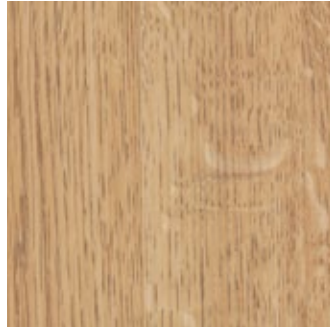

For centuries, wood has been our most loved, enduring material; making it a primary element in creating a theme.

Our collection of Woodgrains capture the natural looking beauty of real wood through superb depth of colour, high definition print and contemporary textures.

Square Edge 40mm

Platinum Formwood
Square Edge 40mm

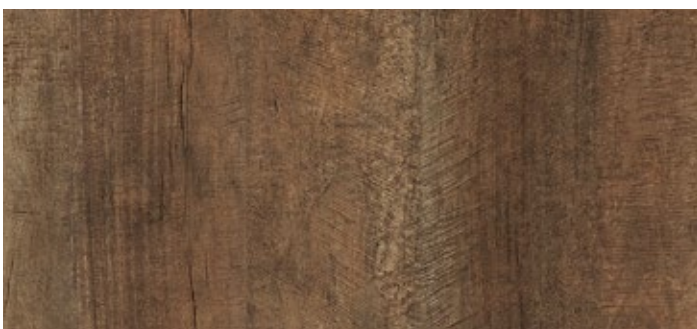

Valley Oak
Square Edge 40mm

Pale Ash
Postformed 40mm

Seasoned Oak
Postformed 40mm

Smoked Beamwood
Square Edge 40mm

Amari Oak
Postformed 40mm

Valley Oak - Grained
Square Edge 40mm

Monterey Pine - Finegrain
Square Edge 40mm

Stone

Concrete is an extremely versatile material and has become popular in recent times for use within the home.

Our range of stunning contemporary slab laminates express the look of stone that faithfully imitates, but at minimal cost.

(See product matrix on page 21 for size & texture availability)
All surfaces are available with splashbacks and upstands

Antique Crema
Postformed 40mm

Antique Marrone
Postformed 40mm

Urban Grey
Postformed 40mm

River Stone
Postformed 40mm

Ash Concrete
Square Edge 40mm

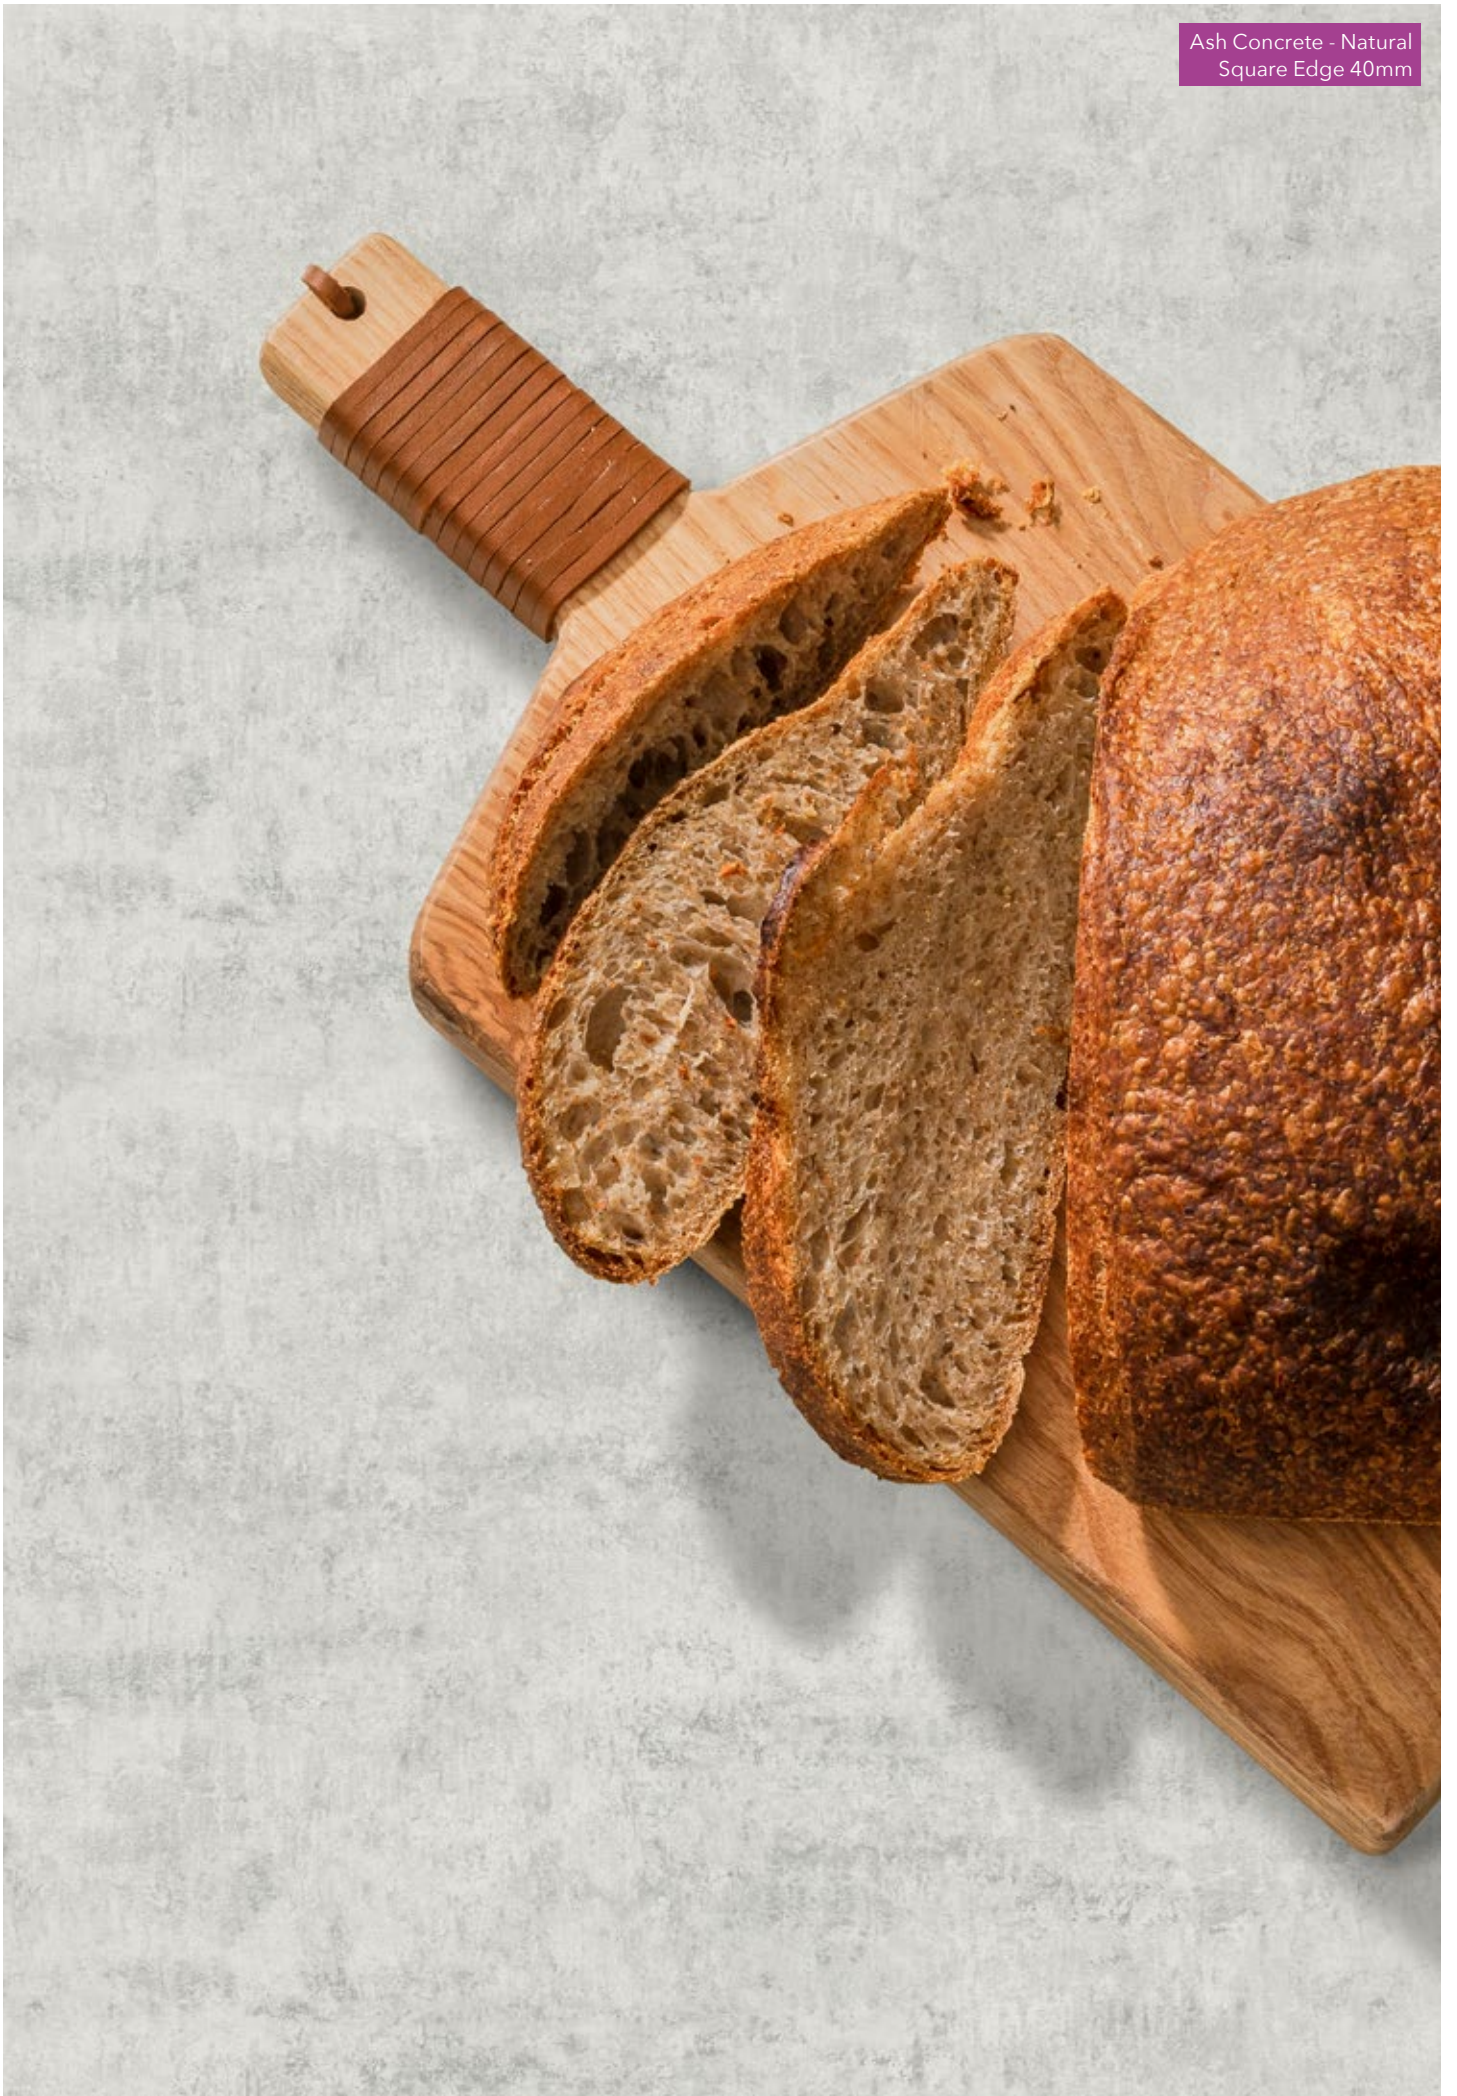

Perla Concrete
Square Edge 40mm

Luna Concrete
Square Edge 40mm

Marble

Marble has been used since ancient times and was once so expensive it was only seen in palaces and monuments.

These marble laminate surfaces use the latest technology to make a big statement without the need for a big budget.

*(See product matrix on page 21 for size & texture availability)
All surfaces are available with splashbacks and upstands*

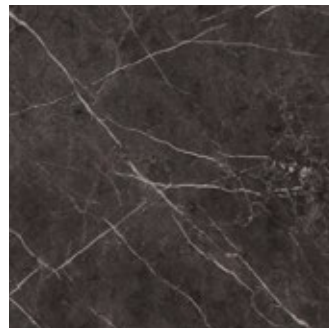

White Calacatta
Postformed 40mm

Grey Herringbone
Square Edge 22mm

Grigio Lightning
Postformed 22mm

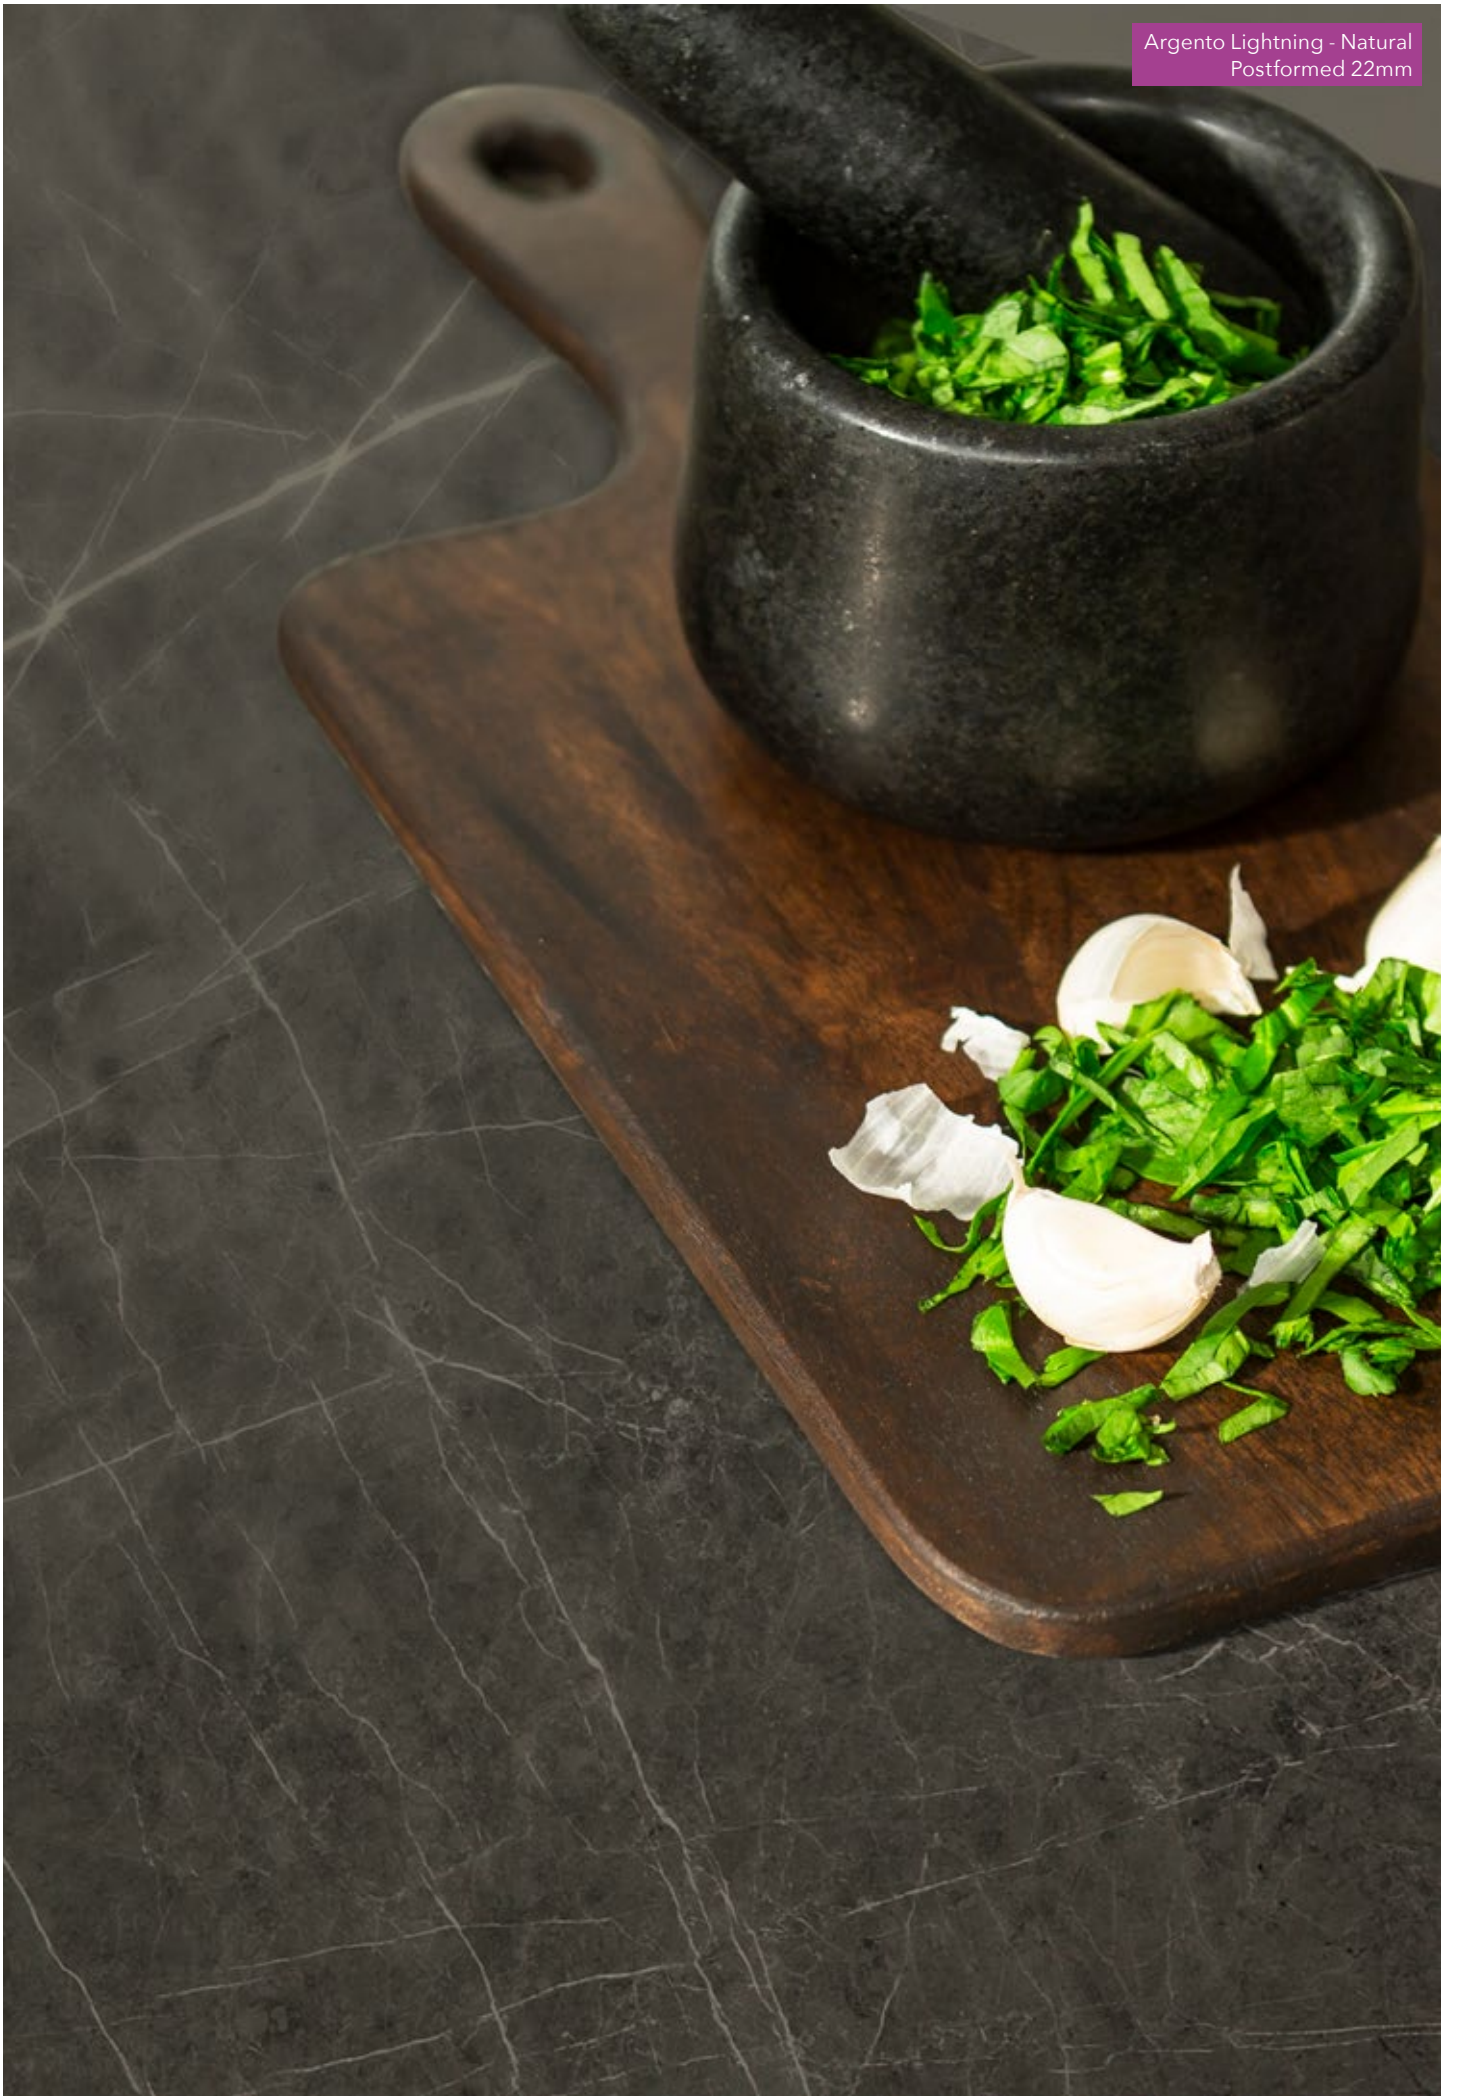

Argento Lightning
Postformed 22mm

Nero Lightning
Postformed 22mm

Granite

Granite is a beautiful natural stone with a distinctive appearance and has been in use for thousands of years.

Our Granite laminate replicates this natural wonder at a fraction of the cost and takes very little time to install.

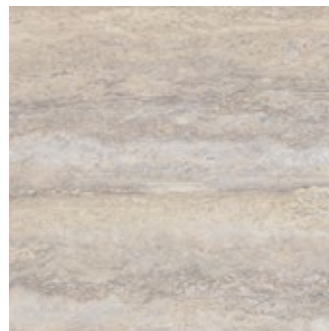

*(See product matrix on page 21 for size & texture availability)
All surfaces are available with splashbacks and upstands*

Snow Blanco
Square Edge 40mm

Snowstone Cream
Square Edge 40mm

Snowstone Smoke
Square Edge 40mm

Edging Availability

We supply edging in three formats to match our range of square and postformed worktops:

Square Edge

PP edging, available in 1m increments (purchase separately)

Bohemian Chrome

ABS edging, available in 1m increments (purchase separately)

Postformed

Laminate edging, available in 1.2m lengths (included with each worktop)

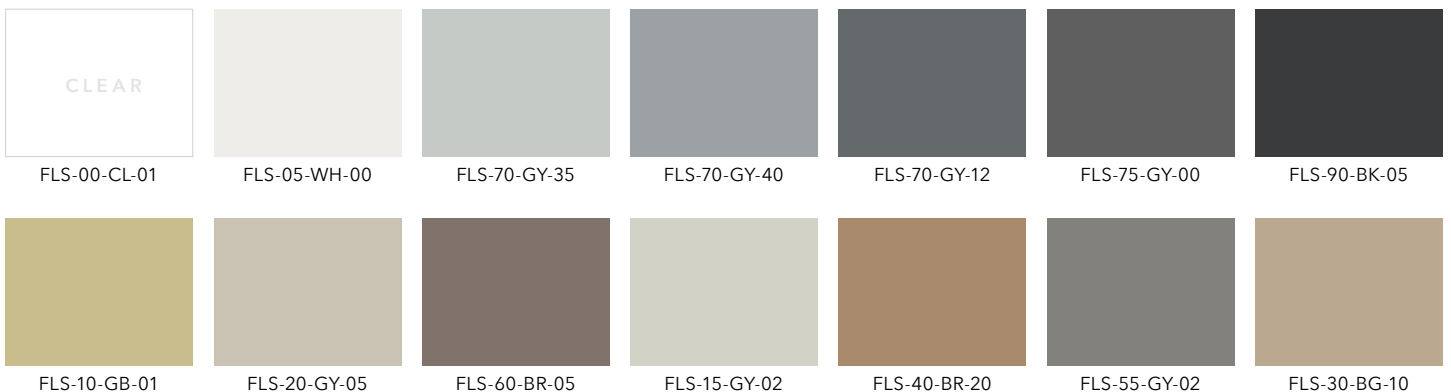

Formica Lifeseal®

Premium all purpose adhesive sealant

Formica Lifeseal is a colour matched sealant and adhesive that gives the perfect finish to your Artis surfaces:

- Colour matched to worktop surfaces (please see matrix above)
- 290 ml cartridge - designed for use with a standard mastic gun
- Easy and flexible to work with for bonding, sealing and finishing

Formica Lifeseal is matched by decor, please use the reference guide below. Although not decor matched a clear Formica Lifeseal sealant is also available (FLS-00-CL-01).

Postformed 40mm

Splashbacks & upstands

Splashbacks

Artis splashbacks are a stylish and contemporary alternative to traditional tiling in kitchen design. They are hygienic, easy to maintain and require no grouting.

Providing an inspirational look, Artis splashbacks come in a full sheet size for design flexibility so you can completely cover your wall space with minimum joints or install floor to ceiling where appropriate.

Artis splashbacks are installed with standard joinery procedures and with our Gloss, Snow, Granite and Burnish styles, offer a practical and cost effective solution to bespoke glass, quartz or natural stone which require templating and specialist installation.

Splashbacks should always be installed at least 130mm from a hob or heat source.

Upstands

Create clean uncluttered lines between your wall and worktop with an Artis upstand. Used as an addition or alternative to tiling; upstands help to perfect the finish of your kitchen. Matching upstands are available across the full range of Artis Original and Bohemian worktops.

Artis guarantees

Artis is guaranteed for its lifetime.

Artis will make good by repair and/or replacement (at its discretion) any Artis product of its manufacture which can be shown to have failed by reason of defects in its manufacture, subject to fair wear and tear, provided that the product has been installed and used in accordance with the manufacturer's instructions and that the products are used for their intended purpose. Proof of date and place of purchase required.

This guarantee is in addition to your statutory rights as a consumer and does not affect your rights in any way.

Advice on installation

Before proceeding with fabrication or installation work, please ensure that the Artis Installation, Care and Maintenance leaflet has been carefully read which can be located in the Artis worktop packaging, from your Artis dealer or on line at www.artis.co.uk.

Products must be properly acclimatised and checked for quality prior to fabrication or installation procedures.

All stated dimensions are nominal.

Quality, care & maintenance

Quality

Manufactured with the finest materials, Artis Surfaces offer a stylish yet durable solution for everyday living.

Independently tested to BS/EN438, Artis work surfaces are designed to withstand knocks, abrasions, chemicals cigarette burns, steam, stains from juice, tea, wine or coffee. They are also highly resistant to heat, although we recommend the use of a protective pad or trivet as saucepan and casserole bottoms can become extremely hot. Please also avoid chopping and cutting directly on the laminate surface.

Artis select E1 grade high density particle board for strength and stability. Its homogenous construction generates excellent machining capability for sink and hob cut outs and mitred joints. Artis Original postformed surfaces have a cast resin drip edge to seal the underside against moisture penetration from every day spills.

Performance Characteristics

Laminate surfaces are a practical and hygienic solution, however, please be aware that wear and tear is more visible on gloss and darker laminate surfaces. Additional care should be taken during handling, installation and use of these products.

Laminate surfaces with ABS or PP square edges are more susceptible to moisture ingress at the top and bottom of the factory finished edges. Although the adhesive used in their manufacture is moisture resistant, it is not waterproof; so extra care should be taken with these products and accidental spillages or standing water wiped up immediately.

Care and Maintenance

Artis worksurfaces are so easy to maintain. On a day to day basis, all you need to do is wipe them down with a moist cloth and your favourite mild detergent.

For more stubborn marks such as fruit juice or coffee, leave the detergent to soak on the surface for a little while before rinsing thoroughly. Gloss and darker surfaces require buffing up to a shine after their normal wipe down to maintain their appealing looks.

Obviously your worktop can become damaged if mistreated, so we recommend some sensible measures like placing hot pans or casserole dishes on protective mats and mopping up spills quickly.

Full details can be found in the Artis Installation, Care and Maintenance leaflet. These are included with every worktop purchased but if you need a copy, please ask your Artis dealer. All Installation Care and Maintenance guides must be passed on to the consumer as they form an integral part of the product guarantee. Incorrectly installed or poorly maintained products are not covered under the guarantee.

Our easy to navigate brochure with larger scale photography eases the selection process but we do recommend you view an actual sample of the material to appreciate the full beauty of our designs and textures.

Please contact us at samples@artis.co.uk with your name and address details and we'll post you the sample of your preferred colour.
